IMPORTANT NOTICE

255 GLENLAKE AVENUE  
Balcony Waterproofing Project

Dear Valued Residents,

In response to your individual and collective feedback Minto will be postponing the balcony waterproofing project. Work will not commence until August 2<sup>nd</sup>, 2022 or shortly thereafter.

This necessary work requires approximately 12 weeks per elevation and must be completed when weather is favourable. It could also be impacted by rain and other weather related events. As a result, only the north elevation of 255 Glenlake will be completed in 2022.

Please stay tuned for further detailed communication and as much information as is possible to support residents who will be impacted by the balcony closure.

We sincerely appreciate your feedback.

Sincerely,  
Minto Apartment Limited Partnership  
On behalf of the Owners

Karen Jones  
Property Manager
